

# Success Story Instructions

Think about the last few years and describe evidence-based strategies/initiatives that have taken place because of assessment that led to:

## **A closed loop**

Definition: Based on assessment results, the program or unit implemented strategies that attempted to bring about improvement and subsequently collected data (should have at least two years of data) to measure the impact of the implemented strategies/initiatives on student learning or operations.

**OR**

## **A closed loop with evidence of improvement**

Definition: Based on assessment results, the program or unit implemented strategies that attempted to bring about improvement and subsequently collected data (should have at least two years of data) to measure the impact of the implemented strategies/initiatives **which yielded evidence of improvement in student learning or operations.**

Name of DRC

Name of Program or Unit

*Outcome:*

*Measure(s):*

Describe the outcome and measure(s) that led to the closed loop or closed loop with improvement(s).

NOTE: Use 2016-17 results compared to prior years when applicable

# Name of DRC

## Name of Program or Unit

### *Results:*

Present the longitudinal results data (at least 2-3 years of data). Please include count (n) and percentages (%). Recommend use of tables and/or charts.

# Name of DRC

## Name of Program or Unit

### *Strategies/Initiatives:*

Describe the strategies/ initiatives that the program or unit attempted to bring about improvement.

You may also address other factors that have caused strategies/initiatives to be made (e.g., state mandate, accreditation review recommendations).

# Name of DRC

## Name of Program or Unit

*Improvement:* (In student learning, **program quality or unit operations**)

If applicable, describe how the improvement increased program quality or unit effectiveness based on committee recommendations.

Discuss recommendations based on results and strategies above:

- For academic programs, discuss recommendations from faculty committees, program meetings or department meetings.
- For administrative units, discuss recommendations from staff committees, unit meetings or division meetings.
